R. Prospector Services

At RawProspector (RP), we provide everything you need to succeed in exploration. From expert-led prospecting courses to detailed site surveys and high-quality equipment, we are your trusted partner in uncovering the earth's hidden potential. Guided by the belief that "preparation drives discovery," RP is here to support prospectors at every step of their journey.

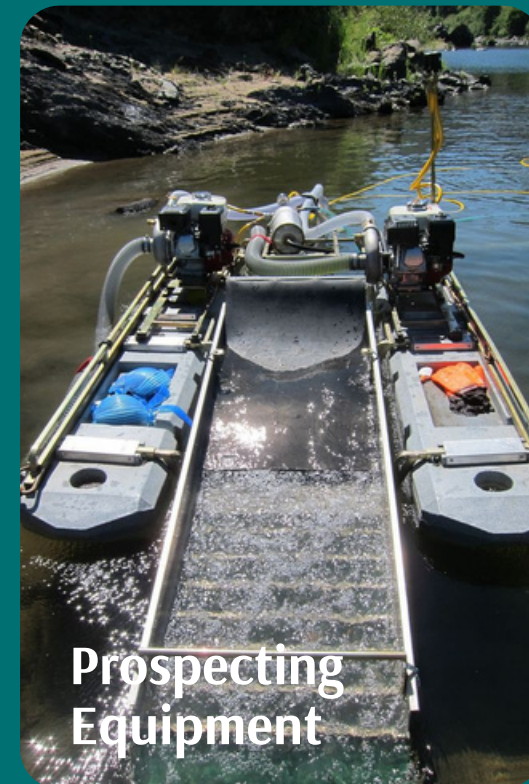

Prospecting Courses

Discover Earth's resources with our Prospecting Geology course! Learn essential techniques in mineral exploration, mapping, and sampling, guided by experts. Gain practical skills to evaluate deposits and advance your geology career.

Geologist Survey

We conduct detailed geological site surveys to identify and evaluate mineral resources, providing accurate data to support your exploration and development projects.

Prospecting Equipment

We supply high-quality equipment for prospecting geologists, including tools for mapping, sampling, and resource evaluation, ensuring you have the right resources for accurate exploration.
